

COMPANY ENVIRONMENTAL POLICY

(Iss 1)

S H Goss & Co. Ltd. is committed to following the environmental standards of BS EN ISO14001:2015

S H Goss & Co. Ltd. provide weed control, grounds maintenance and arboriculture services to businesses and individuals in the UK. The company's operational activities of the control of weeds and other vegetation, by the application of the use of Government approved pesticides in accordance with the UK Pesticide Guide and product label recommendations, poses a potential risk to the environment.

Products are applied only by competent personnel, who are examined at National level, in the safe use and application of herbicides, in compliance with the Food and Environment Protection Act 1985, Control of Pesticides Regulations 1996 and registration under the British Agrochemical Inspection Scheme.

The company operates a Company Environmental Policy which aims to prevent pollution, protect the environment and minimise the risk of damage to the environment through clear and defined policies and procedures. We are committed in our efforts to manage and reduce our impact on the environment through continual improvement, compliance with related obligations and better working practices.

In order to promote our commitment to the environment, employees are educated and trained in environmental issues and the effects of their activities on the environment.

The company's Environmental Policy aims to address areas including:

- Control of pollution to air, water and land
- Responsible disposal of non-hazardous and hazardous waste
- Compliance with all environmental legislation relevant to our operations

This policy and these objectives have been communicated to staff and customers, are understood throughout the Company and are reviewed annually for continuing suitability in meeting the requirements of the ISO14001:2015 International Standard for Environmental Management Systems.

The Managing Director of S H Goss & Co. Ltd. and all of our staff are fully committed to continually reducing our impact on the environment. We have an open-door policy and welcome all suggestions in helping to meet our targets.

.....
Michael Sander
Managing Director
